RIESLING 2001 "CUVÉE FRÉDÉRIC ÉMILE" "375^{ème} ANNIVERSAIRE" (1626-2001).

This selection of "CFE" comes from grapes entirely selected in the grand cru Osterberg from one single block just next to grand cru Geisberg.

Old vines which produced super ripe grapes on the most southern slope which were picked mid- October and that Pierre Trimbach has decided to keep and vinify separately. This limited production of 1000 cases gives a wine of great richness and harmony which should develop nicely and easily age another 15 years.

We have now matured it in our cellars for more than 6 years which is quite exceptional in today's fine wine world.

*Parker, "Wine advocate" : 93 points.
Steve Tanzer "The International Wine Cellar" : 93+.*
