

### Sylvaner 2007

*Country of origin is Austria. First planted into Alsace probably in the 17th Century. Today the total surface planted with Sylvaner is around 2650 hectares. Out of 15000 hectares in Alsace.*

*Neutral nose, light fruit, little earthiness in the nose when ageing.*

*Light bodied, good fruit and pleasant crispness, Sylvaner is a great aperitif, nice with seafood, and perfect pique-nique wine. Ageing potential from 3 to 5 years, Sylvaner drinks well young ( 3 years).*

*Alcohol: 12,3% Vol.*

*Residual sugar: 0,3g per liter*

*Total acidity: 5,4g per liter (tartaric)*
